Re: Wilmington - Olin Chemical, 51 Eames Street, RTN #3-0471

Dear Ms. Armstrong:

This will confirm our telephone conversation wherein you have been courteous enough to agree to an extension of time for Stepan to respond to the Massachusetts Department of Environmental Protection's October 17, 1994 request for information. It is my understanding that you have agreed to extend that deadline up to and including December 19, 1994.

Thank you very much.

Very truly yours,

Leonard H. Freiman
